

ADDITIONAL PROVISIONS FOR

6 Month Convertible Fixed Rate Mortgage (MCAP - 2191)

1. EFFECT ON STANDARD TERMS:

These Additional Provisions form part of the Mortgage. In the event of any inconsistency or conflict between these Additional Provisions and a term of the Standard Charge/ Mortgage Terms, these provisions amend those terms and will prevail.

2. CAPITALIZED TERMS:

All capitalized terms used but not otherwise defined in these Additional Provisions have the respective meanings ascribed to such terms in the Standard Charge/ Mortgage Terms.

3. INTEREST RATE:

Refer to the Payment Provisions in the Registered Mortgage.

4. PREPAYMENT PROVISIONS:

The following Prepayment Provisions are available to you each year of the Term of the Loan (ie. during the 12 month period starting from the Interest Adjustment Date, and starting from each anniversary of the Interest Adjustment Date thereafter), provided you are not in default:

a) Increased Payment: Once per year, you may increase the amount of the Regularly Scheduled Payment up to a maximum of 20%. The maximum for each payment increase is calculated using the amount of the current Regularly Scheduled Payment in effect at the time.

b) Lump Sum Payment: You may make lump sum prepayments of \$100 or more on any Regularly Scheduled Payment date, provided the total of these Prepayments made throughout the year does not exceed 20% of the original Principal Amount.

If all or any portion of these privileges are not used in a particular year, they cannot be carried forward and used in a future year.

5. EARLY PAYOUT PROVISIONS:

You may payout the entire outstanding balance of the Loan prior to the Maturity Date. A Reinvestment Fee and Early Payout Penalty will apply.

Reinvestment Fee:

The Reinvestment Fee is \$500.

Early Payout Penalty:

The Early Payout Penalty is equal to the greater of the Three Months Interest Cost or the Interest Rate Differential Amount:

i. Three Months Interest Cost:

This cost is calculated by applying the Interest Rate being charged on your Loan, to the outstanding principal balance of the Loan, for a 3 month period.

ii. Interest Rate Differential Amount:

The Interest Rate Differential Amount is calculated by applying the difference between:

a) the Interest Rate being charged on your Loan, and

b) the current best rate in effect at the time, being charged by us on a loan with a term that is closest to the *remaining* term of your Loan.

This rate difference (between a and b) is then applied to the outstanding principal balance of your loan, for the *remaining* term of your Loan.

If you request an Early Payout, you cannot exercise the lump sum and/ or increased payment privileges (outlined in section 4a and 4b of this document), until the Payout Statement expires. The calculation of the Early Payout Penalty will be based on the outstanding principal balance of your Loan.

6. CONVERTIBILITY:

You may at any time during the Term, convert this Loan to a longer term closed fixed interest rate loan without penalty. You may select from the options available at the time of conversion. You will receive the interest rate we quote at the time, for the term selected. You must sign a Renewal Agreement which will contain all of the amended terms and conditions of the new loan. All the features and benefits of the existing Loan are rescinded upon conversion, and you will adopt the features and benefits of the new fixed interest rate, closed term loan. You can not convert if you are in default.

7. RENEWAL/ ROLL-OVER:

The outstanding balance of the Loan is due and payable on the Maturity Date; however, we may offer to renew it prior to the Maturity Date.

If we have sent you a Renewal Agreement (in advance of the Maturity Date), and:

i. If you accept the Renewal Agreement:

All the features and benefits of existing Loan are rescinded upon renewal, and you will adopt the features and benefits of the new loan.

ii. If you fail to either accept or decline the Renewal Agreement, and do not pay out the Loan on the Maturity Date:

a. **The Loan will automatically renew into a 6 Month Convertible closed term loan on the Maturity Date.**

b. The renewed 6 Month Convertible closed term loan will provide you with the option to subsequently convert it to a longer closed term, fixed rate loan without penalty, at any time during the renewal term.

c. If you choose to pay out the outstanding balance of your 6 Month Convertible loan during the renewal term, you will be subject to the Early Payout Penalty (which is the greater of the Interest Rate Differential Amount or Three Months Interest Cost), plus a Reinvestment Fee.

You may not renew your Loan prior to the end of your Term. However, if you wish to switch to a new term prior to the Maturity Date, you can do so upon payment of any penalties or fees associated with Early Payouts.

8. ASSUMABILITY:

This Mortgage is assumable. For details, refer to section 9.5 of the Standard Charge/ Mortgage Terms.

9. PORTABILITY:
